

Industrial Health&Safety Wet&Dry vacuum cleaners for M- + H-Class hazardous dust

The ATTIX 965-0H/M SD XC is the most powerful two-motor machine that is approved to be used for both H and M Class. Featuring XtremeClean automatic filter cleaning and a Stainless Steel Sit Down container. The perfect disposal concept for Industrial use and health endangering and carcinogenic dust.

By choosing the correct container inlet the machine allows you to dispose the debris with a dustfree and therefore safe solution. The stainless steel container ensures durability and long life. The standard Disposal bag (M-Class) or the included Safety filterbag enables safe dustfree working. The Sit Down container makes it possible to drive out without removing the motorhead. On top of the motor head you will find a big tool deposit and room to store your accessories. Equipped with the optional accessory basket you have all the equipment you need on hand. The MultiFit container inlet gives access to the entire range of accessories to customize the machine to your specific needs.

PRODUCT FACTS

- Industrial specifications, robust construction, and powerful... the definition of ATTIX 9
- Approved for H and M Class
- Two motor industrial performance
